Education

Indian Institute of Information Technology Bhagalpur

August 2023– July 2027

Bachelor of Technology in Computer Science and Engineering

Bhagalpur, Bihar

Grade: 8.5 (latest), 7.61 (overall)

Technical Skills and Interests

Relevant Coursework: Data Structure, OOPS, DBMS, Operating System, Computer Networks, Analysis of Algorithm

Languages: C++, C, Java, JavaScript, CSS, HTML, SQL

Tools & Frameworks: ReactJS, Git, Github, Figma, Redux Toolkit

CS Fundamentals: Data structures, Algorithms, OOPs, DBMS, OS, Design Patterns

Soft Skills: Teamwork, Communication, Public Speaking, Client Management, Mentoring/Coaching

Areas of Interest: Software Development, Full Stack Development, Frontend Development, Backend Development, UI/UX

Experience

Li-mat soft solutions | 

February 2025 – April 2025

Software Development Engineer Intern

Remote

- Constructed 10+ React.js components for the fitness web app, focusing on user-centric design and achieving a 90% code reusability rate across the application modules during the internship.
- Transformed client brand identity into a cohesive UI/UX design within the fitness web app, resulting in a 20% increase in user session duration, and improved adherence to project timeline.

Wisnolect (Present) | 

July 2025 – September 2025

UI/UX Designer & Social Media Content Marketer

Remote

- Designed UI/UX flows for 3+ digital products, improving usability and contributing to 2 successful launches.
- Created and scheduled 25+ social media posts monthly, increasing engagement by 40% and ensuring design-content alignment with business goals.

Tip2Trip (Present) | 

July 2025 – December 2025

UI/UX Designer & Full Stack Developer Intern

Remote

- Built responsive and scalable UI components using React.js, Tailwind CSS, HTML5, and JavaScript, with Redux for efficient state management and component-level logic.
- Translated Figma designs into pixel-perfect, mobile-first layouts, and integrated Framer Motion for smooth, interactive animations and enhanced user experience.

Projects

Fitness & Gym Web App | *ReactJS, NodeJS, Tailwind CSS, Figma* |  

- Designed and developed a responsive Gym Management Platform using **React.js**, **Tailwind CSS**, and **Node.js**, focused on clean UI/UX and mobile-first design.
- Built an admin panel enabling instructors to manage 200+ modules and upload 50+ video courses monthly; improved load speed by **25%** and achieved **90+ Lighthouse scores**.

B-Vision - Aspect-Based Sentiment Analyzer | *ReactJS, NodeJS, Tailwind CSS, Figma* | 

- Developed a web-based sentiment analysis tool that extracts feature-level insights from customer reviews
- Designed a dynamic dashboard using **Next.js** and **Tailwind CSS** to visualize actionable trends, enabling businesses to optimize product strategy and customer experience.

Achievements

- **Solved 300+ Coding Question accross diffirent platforms**
- **SIH :** Secured a top 19th position in the Smart India Hackathon internal college round
- **Achieved 2 Star on [CodeChef](#):** total rating of 1400 points.

Extracurricular

- **Elected as Head of Design Team:** Led the design team of the college, honing UI/UX skills and improving 25+ websites and apps. Design 250+ Poster and Certificates for College social Media pages, Transformed the college fest representations to flagship events. **Li-mat soft solutions** | 
- **Created marketing materials** for 10+ campus clubs, including t-shirts and event posters, generating 200+ orders per design and enhancing brand recognition within the college community.
- **Mentored more than 400+ Juniors and Batchmate** in UI/UX and Photoshop.
